FOR ANNOYING THE PRESIDENT.**NEW JERSEY MAN ARRESTED BY
SECRET SERVICE OFFICERS.**

For Months He Has Been Writing Let-
ters Attacking Roosevelt For His
Canal Position, Etc.

Montclair, N. J., Jan. 6.—John Peabody, who lives just over the Orange mountains, here, was arrested by secret service officers from Washington on a charge of annoying President Roosevelt. For months the President, it is alleged, has been receiving letters attacking him for his position on the Panama canal question, on railroad rates, and in fact in every prominent public matter that has come up for discussion. These letters are said to have been offensive and were mailed at different points in this section, some at Bloomfield, some at Montclair and others at Verona. The writer gave his name but not his address, and there was much difficulty in finding him. The detectives say he was finally found here in a public library, where he was preparing another letter when he was arrested.

Peabody was taken before the authorities and after a severe lecture, and upon promising to cease annoying the president with his letters, he was allowed to go.

THE CONDEMNED ATTORNEY.

Petition For the Exercise of Executive
Clemency in A. T. Patrick's Case.

Albany, N. Y., Jan. 6.—Gov. Higgins received a petition for the exercise of executive clemency in the case of Albert T. Patrick, the New York lawyer, confined in the Sing Sing prison, under sentence to die in the week beginning January 22, for the murder of the aged millionaire, William Marsh Rice.

The petition is signed by nearly 100 well known persons, including lawyers, physicians and chemists, clergymen and laymen and is based upon the ground that there is reasonable doubt of his guilt.

The signers of the petition include Grover Cleveland, John G. Carlisle, Ex-Supreme Court Justice Edward W. Hatch and a large number of prominent members of the New York city bar; Samuel L. Clemens (Mark Twain), Allan McLane Hamilton, the well known alienist; Dr. Austin Flint, head of the Bellevue medical school, and many other physicians and chemists of standing; Rev. Dr. Charles H. Parkhurst, Rev. Dr. Madison C. Peters, Rev. Dr. Thomas Hughes, David Belasco, Lieut. Col. H. D. Borup, U. S. A., retired, and Robert Erskine Ely, director of the league for political education.

CHINESE COMMISSIONERS.

The Party Arrived at Honolulu on the
Steamer Siberia.

Honolulu, Jan. 6.—The steamer Siberia arrived here, bringing a party of 59 Chinese, including two commissioners of the emperor of China. They are en route to the United States and other principal countries of the world to study industries and political conditions.

Secretary Root cabled Gov. Carter several days ago requesting that the distinguished Chinese visitors be shown courtesies. They were received by the officers of the National Guard and escorted to the consulate. The commissioners called on the governor at noon and were received by him, assisted by a delegation of prominent local business men.

In the afternoon Judge and Mrs. Dole gave a reception in honor of the visitors. Many members of the party are young men who will be placed in American educational institutions or in commercial positions.

It Is Not Considered Necessary To
Call a National Strike.

New York, Jan. 6.—Frank M. Ryan, president of the International Association of Structural Ironworkers, took personal charge of the strike of the union men here for an increase of pay from \$4.50 to \$5 a day. He said he found conditions so satisfactory that he did not now consider it necessary to call a national strike.

LESSENS FEELING OF PAIN.

Rays Tried for Restlessness of Suffer-
ing Infants and in Asylums
in Cases of Mania.

London.—Interesting experiments with blue light as an agent for producing analgesia, or insensibility to pain the discovery of Prof. Redard, have been carried out by Dr. Harvey Hilliard, anaesthetist to the Royal Dental hospital of London. In an article in the Medical Times and Hospital, Dr. Hilliard states that he found that a blue light had on himself a most distinctly calming influence, a desire to close the eyes and sleep is experienced, and, after some minutes, sensibility to pain is lessened. For instance, the difference between a light pressure made with the tip of the little finger and a needle could not easily be detected, and surgical needles could be pushed into the face, lips, gums or arms and blood drawn thereby without actual pain being felt unless a still deeper pressure were exerted.

"I believe that the presence of a blue lamp suitably placed might give satisfactory results in the treatment of insomnia, owing to its calming influence. I have tried it with some benefit in one case, and similarly in restlessness of infants suffering from a mild illness, and in asylums in case of mania it is conceivable that blue light rays might be of value. This view is supported by the fact that red lights have been found to have a beneficial effect upon smallpox, as it is inimical to the vitality of the germs of that disease."

Dr. Hilliard gives instances of the utility of the blue rays in the case of the extraction of teeth. One man said under its influence he felt no pain when the molar was extracted, and returned to have two others removed by the same agency.

WORKS FARM LIKE A MAN.

Wife of Man Who Becomes Insane
Saves Property by Her Exertions
—Complimented by Judge.

Knightstown, Ind.—The final settlement in the Henry circuit court of the estate of George Shewmaker reveals the story of how a plucky little woman made a brave fight to save the farm, support two children and maintain the family respectability after she had been deprived of a husband's help when he was sent to the insane hospital.

A few years ago, when Rufus Shewmaker was murdered by John Thrawley in the northern part of this county, George Shewmaker, a brother of the murdered man, went insane from brooding over his brother's untimely death. Shortly before he had purchased a farm and when he was committed everyone thought the farm would revert to the original owner.

Not so, however, for the brave little wife set heroically to work, met all the notes as they fell due, paid the taxes regularly and the court has just authorized the administrator of the estate to turn the farm over to her.

All the while Mrs. Shewmaker worked the farm herself, marketed the crops and did all the farm work without male assistance and at the same time she sent her children to school. When Judge Morris issued his order he publicly complimented the little woman for the brave fight she had made and declared that it was more than many men could have done.

WHO OWNS THESE TEETH?

That Is Mystery That Is Agitating
Ypsilanti, Mich., Mail Carriers
Who Get Queer Package.

Ypsilanti, Mich.—There is a new version of the Cinderella story which is more up to date than the original which has done duty through several generations.

According to the new one the modern prince is going about Ypsilanti inspecting the mouths of would-be princesses to see whom a wandering set of upper teeth may possibly fit.

Recently when the post office carriers made their collections from the city mail boxes one of them discovered a set of false teeth in one of the boxes. The teeth were not wrapped up or labeled as to their destination nor was postage prepaid. So that the authorities have no idea as to their ultimate destination.

Just how they came there is also a mystery and whether some night wanderer tried to swallow the mail box and got too big a mouthful, or whether the teeth were destined as a gift for some member of the force, is not known. The teeth will be kept a week and then returned to the dead letter office as unmailed matter.

LEFT FORTUNE BY A "VAG."

Denver Sheriff Befriended Stranger,
Who Wills Him \$32,000 at
His Death.

Denver, Col.—Felix O'Neill, formerly sheriff of Denver county, has just received \$32,000 by the will of a man named Garrity, who was serving a sentence for vagrancy when O'Neill, then a detective, became interested and helped him upon his feet.

Garrity told the officer that he had come west to make his fortune and was penniless, and O'Neill, with a kindly heart, took the man to his home after he had left jail, fed and clothed him and gave him a start. The old man soon left Denver, but often returned and O'Neill never had a truer friend.

The ratio of pauperism in London has risen from 21.8 per 1,000 in 1900 to 26.4 in 1905.

DOINGS OF THE LEGISLATURE.

The "County Unit" Local Option Bill
Introduced in the Senate.

Frankfort, Jan. 12.—The old "county unit" local option bill was introduced in the senate by Senator Cammack, which provides that if the whole county votes "dry" at the same time, then the precincts that voted "wet" shall go with the majority and remain "dry," but if the whole county goes "wet," then those precincts that are already "dry" shall remain "dry." It will cause the same old hard fight as in former years, for the liquor men are opposing the bill. Senator Harbison offered a bill to increase the pay of the state railroad commissioners and adding to the present overworked clerical force.

By resolution the house fixed January 30 as Goebel Memorial day and a committee authorized to select an orator and arrange a proper program. Representative Overstreet submitted a petition largely signed asking for the repeal of the law against net fishing and asking for a law to protect fish. A concurrent resolution urging the senators and representatives from Kentucky in congress to use their efforts to secure improvements in the waterways of the state was offered by Representative Gabbard, of Owensley. J. T. Morris, of Oldham, presented a petition from the inmates of the Kentucky Confederate home asking that the legislation providing for pensions be favorably acted upon.

THE SUSPECTED "YEGGS."

James Jones, marshal at Mitchell, Ind., recognized James Cameron, another one of the suspects, as a man he had seen there ten days ago. The five men were held in \$2,000 bond each until January 15.

ing His Brother.

Louisville, Ky., Jan. 12.—James and Cleveland Gray, father and son, of Hardin county, were fined \$100 each and given 30 days in jail on a charge of selling liquor. Judge Evans recognized the father as having been before him for moonshining in 1892.

The Baroness Has Recovered.

Louisville, Ky., Jan. 12.—Arthur Langham, uncle of the Baroness von Sternberg, announced that the baroness, who was operated upon in Germany for lameness, with which she had been afflicted all of her life, has entirely recovered.

Col. Nelson Not Reappointed.

Arrest Stopped Wedding.

Glasgow, Ky., Jan. 12.—Grover Cleveland Jones was arrested as he was leaving the county clerk's office with his marriage license. He had been hiding since October, when a mule belonging to Frank McMurry disappeared.

Senator McNutt Seated.
